

Atlas CD from St. Louis Genealogical Society

Were your ancestors in the U.S. and Canada in 1888?
Then you will absolutely want a copy of this CD.

Cram's Unrivalled Family Atlas, 1888

Maps and index for the U.S. and Canada: fully indexed for every locality mentioned in the 1880 U.S. census, plus every 1887 post office, more than 58,000 entries.

Also includes:

- Complete 2005 U.S. and Canada postal list
- Database of county histories, dates, parent, and successor counties
- Search utility based on Soundex
- GEDCOM Inspector: checks GEDCOM files for inconsistencies of about fifty events, dates, and places

All this for just \$20.00.

Mac users please note: all CDs are PC compatible only.
Windows users please note: this CD will NOT work with Vista
