2% Interest paid on Daily Balances of Checkable Accounts averaging \$500.00 or over.

Real Estate and Collateral Loans made. Gilt Edge First Deeds of Trust Sold.

Is it not true that Webster Groves and Kirkwood Real Estate is, and must remain for years, on the upgrade, and that it is therefore much more stable security for loans than property in many localities in St. Louis?

Is it not likely that your relatives and friends can purchase from the *Webster Groves Trust Company* without paying commission, better First Deeds of Trust bearing higher rates of interest than they can find in St. Louis?

Does success, such as these Institutions are having, come without a cause? Ask those who have had dealings with them what they think of them.
